To achieve a modern look, I would suggest sleek black frames. Always keep your mattes crisp and white as well to maintain that clean look.

For a great farmhouse look you can use distressed frames to blend your style to your unique farmhouse touches. Use mattes to blend in any color choices you may have to keep the look uniform.

To achieve that more luxurious look I would choose metallic frames. The brightness and reflection of light can add some sparkle to your space. I would suggest choosing the same color matte for each frame.
